Monsieur le Directeur

Dans la prévision que vous pourriez bien vous rendre à Bruxelles et à Anvers à l'occasion des fêtes du Cinquantenaire je prends la liberté d'attirer votre attention sur un tableau célèbre du Corrigé dont je suis propriétaire et que je serais heureux de vendre à des conditions acceptables.

Je pensais d'abord, Monsieur le Directeur, vous donner dans cette lettre les citations pleines d'éloges que j'ai recueillies sur mon tableau dans des ouvrages artistiques et des journaux, mais il m'a semblé que vous n'y trouvez aucun intérêt aussi longtemps que vous n'avez pas vu le tableau, et je me réserve de vous soumettre ces ouvrages et ces journaux que je conserve chez moi, quand vous me ferez l'honneur d'une visite.

Le Corrigé et les autres tableaux

anciens que se possède (Van Dyck, Goltzius,
Guindon Massys &c) provenant de la Galerie
de Bettendorf à Aix-la-Chapelle, qui
jouissait dans son temps d'une réputation
européenne.

Veuillez agréer, Monsieur le
Directeur, mes hommages les plus distingués.

A votre demande je vous
enverrai une photographie
du Corrège

School of Sculpture and Modelling,

AT 394 FEDERAL STREET, BOSTON, MASS.

The purpose of this School is to give such instruction to every one who may wish seriously to study Modelling or Sculpture, that they may make practical daily use of what they learn. Experience has taught that the majority of those who wish to study modelling, and who ought to have instruction, are those who must work to get their living.

As TERRA-COTTA and POTTERY WORK is certain to occupy an important place in the development of art in form in this country, every attention in all its departments will be paid to it in this School, including burning and glazing. Study hours, every day and evening the year round.

TERMS:

FOR DAY PUPILS, \$15.00 PER MONTH. FOR EVENING PUPILS, \$8.00 PER MONTH.

Special arrangements regarding tuition terms can be made.

T. H. BARTLETT, Sculptor,
Teacher.

394 FEDERAL ST., BOSTON, MASS.,

May 1st, 1880.

To

DEAR SIR:—Your attention is respectfully called to the enclosed card.

This school is started with the intention of providing facilities for studying Modelling to every one, and especially the poor, who can make use of the instruction in their daily work. To those who are not able to pay, it is free. Will you give the card such publicity as you think it deserves, in the columns of your paper, and at such times as you think best, so that the public may be well informed?

The school is not expected to pay except in the sense of the satisfaction of meeting a want widely felt.

Please send marked copy of your paper if this is used.

Very respectfully,

T. H. BARTLETT.

Dear Sir,

I have had my attention called to your letter received by Miss Parker, just as she was all-ready to leave for your City. She expects to go with friends, by the way of Old Point, and thence to Balto. and your place.

I do hope she may not be disappointed, as her heart has been fixed on receiving your instruction, so kindly offered, and without a prospect of ever again enjoying like advantages.

Upon a close perusal of your letter, it appears to me: that the temporary removal of the paintings for the object named; need not necessarily stop her art studies; as probably such pieces, or pieces as she may want to copy; or you may suggest to be copied, could be gotten at, for the purpose

might be safely put aside in the hall of
statuary or bronze. Of this, of course you
can best judge.

I express the hope that she may be
able to go on, at least to some extent,
and enjoy what advantages under the
circumstances can be afforded.

As she is about to leave for Old Point,
permit me to request you to write to
me at that place, as soon as possible.

Yours truly
Wm. K. Vaughan
